

# Fire Science Hands-On Training Application

## Fire Science Hands-On Training Workshop Application

We are using Qualtrics to collect information for your workshop application. You can use the back button to move between pages if you wish to edit a response. Qualtrics uses cookies, and you can pause and return to complete the application later; incomplete applications will close automatically 7 days after the latest activity.

### Basic Information

---

First Name

---

Last Name

---

Contact information: Provide an email address

---

Please verify your email address:

---

Current affiliation (university or organization)

---

Provide the name of your current supervisor

---

Provide your supervisor's email address:

---

Choose the category that best describes your current affiliation.

- I am an undergraduate student. (1)
- I am a graduate student/post doc involved in research. (2)
- I am an early career professional/researcher conducting fire ecology research (3)
- I am an early career professional conducting land management (4)
- Other (5)

Briefly list your educational history (include institution, major, degree)

---

## Prescribed Fire and Fire Ecology Experience

---

List current NWCG certifications, if any.

---

---

---

---

---

List any other prescribed fire training you have completed, if any. (For examples: state agency internal certification; burn crew member training provided by The Prairie Enthusiasts or Chicago Wilderness)

---

List any fire ecology courses you have completed at the college level or for professional development.

---

Briefly describe your work in prescribed fire management, if applicable.

---

Describe how the training in fire science methods is relevant to your work and future goals.

---

## Travel Expenses

We have funding available to reimburse travel expenses incurred from participating in the workshop. No application will be declined based solely on travel support needs. When we notify applicants who are approved for the workshop, we will note the maximum reimbursement level we can provide.

Note that we cannot reimburse expenses for employees of federal agencies.

---

Provide an estimate of your travel expenses associated with travel to and from the workshop. Dunn Ranch Prairie is located near the small town of Hatfield, Missouri. If traveling by car, provide an estimate of the one way travel distance.

---

Provide an estimate of travel support, if any, that can be covered by your college/university or agency/organization.

---

This workshop requires a week-long time commitment. Please select the statement that best describes your ability to participate:

- I have confirmed I can have the time away if my application is approved. (1)
- I have requested the time away and had a discussion about this with my supervisor (2)
- I have requested the time away (3)
- Other (4) \_\_\_\_\_

## Covid-19 Mitigation

---

All attendees will be participating as TNC volunteers (unless a member is covered by an MOU with another TNC cooperator). Following TNC policy, participants will be required to show proof of COVID-19 vaccination to TNC staff prior to arrival.

Participants, as TNC volunteers/prescribed burn crew members, will be required to complete a screening for COVID symptoms.

TNC's daily fire management operational decisions take into account local COVID-19 conditions.

---

By submitting this application, I understand I will be required to meet these standards to participate in the workshop.

- Submit application. (1)
  - I am not submitting an application for the workshop. (2)
-
